

I am disgusted with the opinion of Sinclair that they would use the supposedly regulated public airwaves to promote an anti Kerry political slanted program which is NOT NEWS!!!!!!! ABC Nightline just revealed that the Swift Boat for truth group totally lied about their position. ABC went to Viet Nam and found out the truth from those who were there and they totally supported Sen. Kerry!!!!!!!If Sinclair gets away with this illegal procedure, then there should be equal time allowed to show Farenheit 911!!!!!!!!!!!!!!!
